Dear Reverend Jim:

I want to again express appreciation for the retreat and the way each aspect of the event was planned and performed. It was evident that the hand of the Lord was with you. Your dedication to your mission is impressive. I praise God for you and John as well as all of those who gave so unselfishly to make your dream a reality.

Every session that I attended ministered to me. My only regret was that I could not attend all the sessions. They were so applicable to the work we do. John's session on "How to Raise Financial Support" was so helpful. From start to finish, I was amazed how well you stayed on schedule. I really appreciated the time for refreshment in the afternoons as well as the morning workshop and general sessions.

I will be looking forward to the retreat next year. It is my prayer that the Lord "strengthen your hand."

Because of Him,
